

ACADEMIC YEAR 2016-2017
TRANSPORTATION

The School provides transportation to most areas of Athens and Piraeus.

For practical reasons the School cannot provide a door to door service but the bus routes are scheduled to accommodate pupils as close as possible to their places of residence. Pick up/drop off points and times are based on traffic patterns, existing stops and minimal travel time for all pupils on buses.

A discount of 10% is granted to the second and third child of the same family. It does not apply to one way route.

If a pupil is withdrawn from the school bus during the financial term, no refund of fees is made.

The School reserves the right to disallow a pupil availing himself of the use of the school bus on the grounds of misbehaviour and non-payment of transportation fees.

The transportation fees are payable in three (3) instalments along with the tuition fees, September, December and March.
