

St. Lawrence College
The British School in Greece

Person Specification

Head of Physics department

Educational Qualifications

The successful candidate will be sufficiently qualified that they can legally be employed by St. Lawrence College as a full-time teacher. They will possess relevant Physics educational qualifications to a minimum of degree level in addition to appropriate teaching qualifications.

Teaching Experience

The successful candidate will have taught Physics in a British school (either in the UK or abroad) for at least two years and may have experience of being a Head or Deputy Head of a Physics department. Familiarity with Key Stage 4 and 5 Physics syllabi is essential. The successful candidate will be enthusiastic and energetic in their delivery of this subject.

Personal Characteristics

The successful candidate will be able to demonstrate a proven record of professional reliability, punctuality and excellent attendance record in previous employment. Spoken and written English standards will be those of, or equivalent to, the standards of an educated native speaker of English. An ability to work closely with colleagues is essential. The successful candidate will possess an awareness of and an attitude towards British educational values that will make them a true addition to the community of St. Lawrence College. An interest in contributing to the school through extra-curricular activities is desirable.

Child Protection

The successful candidate will be able to demonstrate a suitability to take up such a teaching position in the context of child protection in line with the expectations of British schools throughout the UK and the wider world. This will include cooperation with the school in the procurement of background checks as appropriate.

Being recruited: Spring 2020

To be employed from: 31st August 2020
