

February 2017

Dear Parents,

I thought you would like to know that COBIS (Council of British International Schools) has raised the status of our school's membership to the highest of levels, that of Accredited Member. This level is only awarded when a school has successfully passed a BSO inspection and, to quote the COBIS website,

"Accredited Members' meet the UK government standards for British Schools Overseas (BSO) and for schools based in the UK through a successful inspection by a government approved inspectorate".

<https://www.cobis.org.uk/schools/cobis-membership-categories>

Around 95 of COBIS's 280 or so member schools are accredited members. Given that COBIS is the premier organisation for British schools around the world, this is meaningful recognition of the progress that has been achieved by the school. Please allow me to publically thank the hard work of all staff, teaching and otherwise, that has enabled the school to gain this status.

Naturally, we continue to work towards the further progress that can always be made. Thank you for your support.

Sincerely,

Phil Holden
Headmaster
