

Dear Parents/Guardian,

Here at St. Lawrence College, we are very pleased to announce this year's Summer School programme and to warmly invite your children to take part. Summer at St. Lawrence gives children the opportunity to meet and interact with other young people from all over the world. They do so as they enjoy a wide range of lessons, activities, events and trips in the warmth of the Athens summer sunshine. Our environment is spacious, safe and well-equipped. It provides a sense of belonging while enabling children to learn and enjoy all that is on offer.

Our children under the age of 7 will follow an English-based programme full of activities, language and sports, while children over 7 have the option of three specific programmes: English Language, Sports or Creative Art & Drama (please see overleaf for details).

We offer exceptional tuition in English language, sport, dance, chess, recycled art, 3D paper architecture art, robotics, yoga, field games/survivor field/parkour, mini golf, roller skating, crafts, drama, music fun and many more activities.

At St. Lawrence College, we actively encourage our pupils to develop independence, confidence and leadership skills. We focus on forming friendships, inspiring creativity, building life skills and having fun.

Feel free to take a look [here](#) at some of our fun-packed adventures.

Do join us for an unforgettable summer adventure.

Our days will be filled with a healthy balance of sports and academic activities as indicated below:
