St. Lawrence College

The British School in Greece

For practical reasons the School cannot provide a door to door service but the bus routes are scheduled to accommodate pupils as close as possible to their places of residence. Pick up/drop off points and times are based on traffic patterns and minimal travel time for all pupils on buses.

If a pupil is withdrawn from the school bus during the financial term, no refund of fees is made.

The School reserves the right to disallow a pupil availing himself of the use of the school bus on the grounds of misbehaviour and non-payment of transportation fees.

A discount of 10% is granted to the second and third child of the same family. It does not apply to one way route.

The transportation fees are payable in three (3) instalments along with the tuition fees, September, December and March.

TRANSPORTATION TERMS:

September - November

December - February

March – June

N.B. If deemed necessary, the School reserves the right to change routes, time and costs after adequate notice has been given to the parents.
